

2019 OUTSTANDING SECTION / BRANCH AWARD NOMINATION FORM

BASIC INFORMATION

Award Classification (check one):	<input type="checkbox"/> Very Large Section/Branch (> 2500 members) <input type="checkbox"/> Large Section/Branch (1001-2500 members) <input type="checkbox"/> Medium Section/Branch (501-1000 members) <input checked="" type="checkbox"/> Small Section/Branch (< 500 members)
Section/Branch Nominee:	Nevada / Truckee Meadows Branch
Name and Board Position of Contact Member:	Kaci Stansbury President
ASCE Member ID:	
Address:	
Telephone:	

E-mail:	
---------	--

NOMINATION QUESTIONS/SCORING

120 points maximum

A. COMMUNICATION WITH MEMBERS (15 Points Maximum)

Newsletter (1 point per issue, 5 points maximum):

Number of Newsletters Published Annually:	12
---	----

Please include one electronic newsletter with the Award nomination package.

Website (5 points maximum):

Double check that all links are active prior to submission.

Website URL:	https://www.ascetruckeemeadows.org/
Discuss the content included on your website:	<p>The website includes all information pertinent to our membership, including:</p> <ul style="list-style-type: none"> • All upcoming events for the Branch and YMF. These are updated several times per month and RSVPs for all events are collected on the website. Events include: monthly luncheons, tours, YMF socials, the PE Review, the Annual Awards and Student Recognition Banquet, and Marv Byar's Memorial Golf Tournament. • Information about branch leaderships, including current branch officers (with photos and contact information), a list of all past presidents since the branch's inception in 1967. • A page dedicated to sponsors. • Information about education, which includes summaries of recent outreach efforts, a link to ASCE webinars (redirects to the national website), application forms for student scholarships, and information about the local PE Review sessions. • Links to sister sites, such as the local APWA chapter, important sites at the university, and other ASCE organizations (ASCE national, ASCE Nevada Section, and other Nevada branches). • General information about our chapter. • A PDH Tracking sheet to help members track which events they have attended to help them secure needed PDH's. • A link to become a national member of ASCE. • Links to local and national job postings. • A link to the Report Card on America's Infrastructure. • A link to sign up for the TMB email list. • A page dedicated to the Younger Members Forum.

Other Tools (5 points maximum):

Discuss any other communication tools used by your Section/Branch:	<p>In addition to posting everything in the newsletter and on the website, the branch sends out emails to its members to announce all important information. There are approximately 700 people who receive email from the Truckee Meadows Branch. All communications are facilitated through Constant Contact. The younger members maintain an active Facebook page and Instagram account. All general Branch events and photos are posted to the Facebook page (https://www.facebook.com/ASCETruckee-Meadows-Branch-and-YMF-767767886641959/)</p> <p>Potential sponsors are e-mailed directly and contacted by phone and in person when necessary to encourage sponsorship.</p>
--	--

B. PROFESSIONAL / LEADERSHIP ACTIVITIES, AWARDS / RECOGNITION, SCHOLARSHIPS AND MENTORING (20 Points Maximum)

- Professional / Leadership (Non-Technical) Activities (5 points maximum):

Professional / Leadership (Non-Technical) Committee Meetings (1 point each, 2 points max)

Professional Committee:	Number of Meetings:	Presentation Topic(s):
Board of Directors	12	Discuss all branch related activities, including lunch speakers, the website, YMF activities, government relations, and issues at the section level.
Annual Awards and Student Recognition Banquet	5	Discuss planning and logistics for the Annual Awards and Student Recognition Banquet. The committee meets every 3-4 months leading up to the banquet and plans all logistics for the event. Record attendance in 2019 of nearly 220!!
Annual Office Crawl	4	Discuss planning and logistics for the Annual Office Crawl event which is like a wine walk but for offices. Students rally at the University and get rewards for visiting sponsored offices at their designated times.
Annual Marv Byars' Golf Tournament	4	Discuss planning and logistics for the Annual Golf Tournament which requires organization, budgeting, student volunteer coordination and donations chair.

Professional / Leadership (Non-Technical) Seminars (1 point each, 3 points max)

Date:	Approx. Attendees:	Presentation Topics / Describe Seminar:
9/19/2019	90	Put on a regional discussion topic for the legal requirements for PE sealing of digital signatures. Done in cooperation with APWA and NVBPELS.
9/7/2019	20	ASCE TMB hosts a PE review course which is 1-week long and provided several different professors and professionals to guide students in taking the PE exam.

- Awards/Recognition (1 point each, 5 points maximum):

Awards Given by the Section/Branch

Name of Award:	Recipient:	Describe:
ASCE Lifetime Member	Carl Nagata Roger Hyytinen Christine Welch	To obtain Life Member status, individuals must be at least 65 years old, have paid professional dues for at least 35 years AND have had 10 years continuous membership immediately preceding the attainment of Life Member.
Engineer of the Year	Craig Wesner	Awarded to one local engineer in the community who has shown exemplary performance within the profession.
Young Engineer of the Year	Ashley Verling	Awarded to one young (under 35) local engineer in the community who has shown exemplary performance within the profession.
Project of the Year: Environmental	North Truckee Drain Realignment Project, Phase 3	Awarded for outstanding achievement in Civil Engineering in the area of water, wastewater, solid waste, air, erosion control, etc.; This project will prevent continued flooding in the Sparks industrial corridor.
Project of the Year: Structural	Stampede Dam	Awarded for outstanding achievement in Civil Engineering in the area of buildings, bridges, dams, foundations, etc.; dam was raised by 11.5 feet to address safety concerns related to large flood events.
Project of the Year: Transportation	4th/Prater Bus Rapid Transit Project	Awarded for outstanding achievement in Civil Engineering in the area of traffic, highway design, materials, etc.; complete streets reconstruction project, 3.1 miles with 8 new bus rapid transit stations served by buses that are 100% electric zero-emissions.

Society Awards Received by the Section / Branch or its members

Name of Award:	Recipient:	Describe:
Roebing Award	Dr. Ahmad Itani	Established by the Construction Institute of the Society; recognizes and honors an individual who has made an outstanding contribution toward the advancement of construction engineering.
William H. Wisely Award	Mrs. Kelly Kesellica	This award is presented annually to recognize not more than three individuals who have exhibited continuing efforts to better the history, tradition, developments and technical and professional activities of the American Society of Civil Engineers.

- Scholarships (5 points maximum):

Scholarships to High School Students (1 point each)

Name of Scholarship:	Amount of Scholarship:	Describe:

Scholarships to College Students (1 point each)

Name of Scholarship:	Amount of Scholarship:	Describe:

UNR ASCE Student Chapter Scholarship	\$2,000 total (three individual scholarships for \$1,000, \$500, and \$500)	The general ASCE scholarships are used to reward students in Civil Engineering who have demonstrated scholastic achievement and have been active in student service, especially within ASCE.
Chuck Yeager Scholarship	\$1,200	This scholarship is funded by an endowment from ASCE and is given to one student in Civil Engineering each year.
UNR Student Chapter Scholarship	\$6,000	This scholarship is funded by the annual golf tournament and is passed down to the student chapter to fund Mid-Pac and other financial challenges faced by students and their chapter

- Mentoring Activities of ASCE Members (5 points maximum):

Date:	Approx. Attendees:	Describe:
Year Round	25	Kelly Kesellica is an active mentor to the UNR student chapter and as a past-president of YMF and ASCE she brings a wealth of knowledge and experience that she passes down to improve
Year Round	8	Randall Rice, past-president of the ASCE TMB has taken a role with Nevada Section and regularly attends TMB board meetings to help new TMB board members get access and acquainted to ASCE resources and structure.

C. TECHNICAL COMMITTEES AND ACTIVITIES (15 Points Maximum)

Section/Branch Technical Committees or Institutes (minimum of 2 technical meetings per year; 1 point each, 5 points max)

Technical Committee:	Number of Meetings:	Presentation Topic(s):
Professional Associate Liaison Committee, Nevada Board of Engineers and Surveyors	6 / year	Discussion of topics such as changes to Nevada Administrative Code and how it will affect permitting, design, and construction of engineering projects.
Zoning Code Renovation Technical Working Group	12+ / year	Evaluation and modification of the land development and planning code (Title 6 and 18) of the City of Reno design guidelines. Comprises multiple ASCE committee members for engineering input on proposed code modifications.

Section/Branch Technical Seminars / Courses with PDHs (1 point each, 5 points max)

Date:	Approx. Attendees:	Describe:
11/13/18	66	Monthly luncheon; The Struggle is Real: Sourcing Engineers
1/15/19	72	Monthly luncheon: Stonegate Large Scale Land Development, from Concept to Community, A multi-disciplinary approach to land development
2/12/19	76	Monthly luncheon: Estimating - The Art of the Guess...
4/9/19	62	Monthly luncheon: Information Governance, Risks and Opportunities
5/7/19	59	Monthly luncheon: Geogrid Roadway Solutions
6/4/19	73	Monthly luncheon: Truckee River Flood Control Project, Vista Narrows 60% Design

7/9/19	71	Monthly luncheon: Oddie/Wells Corridor Improvement Project Update on Design, Challenges and Project Status
8/13/19	67	Monthly luncheon: Get AMPED! Supercharge Your Success
9/10/19	87	Monthly luncheon: Officer Installation and NDOT Project Updates by Kristina Swallow
10/15/19	78	Monthly luncheon: US 395 North Valleys Project
9/19/2019	85	Crossing the Digital Threshold; Forum to share perspectives on this topic and provide feedback to NVBPELS regarding current Nevada law and regulations

Other Technical / Educational Activities and Benefits for Section / Branch Members (1 point each, 5 points max)

Describe other technical / educational activities and benefits for Section / Branch members:	PE Review Sessions – The Truckee Meadows Branch, in coordination with the YMF chapter, hosts PE review sessions once per year (in spring) for local professionals. The review sessions offered are taught by local industry professionals and University professors. Members of the branch volunteer to oversee the sessions at the local AGC office every Tuesday and Thursday evening for six weeks. This is purely an educational service offered to our members and is not used as a fundraiser.
	YMF organizes technical tours to locations as the Tesla Giga Factory, local highway construction projects, and other local construction projects such as the new Engineering Building at the University of Nevada.

D. MEMBERSHIP (10 Points Maximum)

Describe efforts to transition Student Members to Associate Members (2 points):	The YMF organizes an annual 'Office Crawl' event where students tour 8-10 local firms to get exposure to industry. Students are able to tour offices and labs and engage with professionals. The YMF also hosts a Resume Workshop every year, where a professional panel discusses resume tips and tricks. Students have the opportunity to ask panelists specific questions and receive feedback on their resumes. Both of these events help students prepare for careers after college.
Describe Member recruitment programs (2 points):	
Describe Member retention programs (2 points):	ASCE TMB offers a discount at monthly luncheons to active ASCE members, and another discount to past-presidents
Describe any recognition programs for employers supporting ASCE (2 points):	Sponsors of the Truckee Meadows Branch are recognized at one of the annual luncheons. They are presented with a plaque and they are also able to loop a Power Point presentation about the work at that company. Sponsors are also given the opportunity to advertise job opportunities on the website and their logos are on the website and the newsletter. Sponsors are invited to extend their sponsorship to our YMF group directly and are recognized with their logo on the ASCE TMB banner which is displayed at events.

Describe other Membership Activities / Events (2 points):	The Truckee Meadows Branch and our YMF affiliate are constantly working together to put on events that are appealing to a large variety of ages. Active, social, and family friendly events are being coordinated. These include college football tailgates, volunteering at the local food bank, visits to seasonal venues such as ice-skating rink, bowling tournament, and local athletic leagues such as soccer and baseball, and numerous other outings and adventures
---	---

E. PUBLIC OUTREACH ACTIVITIES (10 Points Maximum)

Describe outreach activities with elementary, middle, or high schools (1 point each, 5 points max):	ASCE will have a booth at the Washoe County School District career fair, Nov. 14-15, 2019.
Describe outreach activities via media outlets (1 point each, 3 points max):	Press releases were sent out when new officers were installed and when the annual award winners are announced.
Describe other public outreach or educational activities (1 point each, 2 points max):	Facebook advertising for certain socials and gatherings to push the information out to new and potential ASCE student, YMF, or TMB members.

F. COLLEGE OUTREACH ACTIVITIES (20 Points Maximum)

Describe Student Interaction Activities between ASCE Student Chapters/Clubs and the Section/Branch (1 point each, 5 points max):	<p>YMF organized the second annual Resume Workshop in September 2019. The event consisted of a panel of six professionals. Each panelist provided an introduction describing their experience and general resume tips. The students then had the opportunity to ask panelists questions. A resume critique was included as part of the event.</p> <p>The annual Office Crawl was organized in Spring of 2019. The event allows University of Nevada - Reno students to tour local engineering firms and meet with their employees as they search for internships and jobs.</p>
Note current Section/Branch Practitioner Advisors (5 points):	The Practitioner Advisor of the ASCE Student is in constant contact with the student chapter and has an open-door policy. She is a past president of the branch and communicates with us continually. She communicates all branch and younger member activities to the students and encourages their participation in branch activities.
Describe outreach activities for Sections/Branches without ASCE Student Chapters (5 points each, 10 points max):	<i>(examples: hosting an event for community college students or undeclared engineering majors at a university)</i>

G. COMMUNITY SERVICE, PUBLIC SERVICE, HISTORY & HERITAGE, SUSTAINABILITY, AND GOVERNMENT RELATIONS (10 Points Maximum)

NOTE: ASCE also awards a History and Heritage Award. If you have such activities and want to be considered for that award, describe those activities here and submit a copy of this application directly to Jennifer Lawrence at jlawrence@asce.org.

Describe public service projects (2 points):	<i>(examples: Habitat for Humanity, Engineers Without Borders)</i>
Describe History and Heritage Activities (2 points):	<i>(examples: landmark nominations, publications, exhibits)</i>
Describe Government Relations activities (2 points):	<i>(examples: infrastructure report card, legislative drive-in)</i>
Describe Sustainability Seminars held by the Section/Branch promoting the advancement of the principles of sustainable development (2 points):	<i>(examples: long term infrastructure sustainability, local environmental initiatives, waterfront revitalization, LEED)</i>
Describe Community Service events (1 point each, 2 points max):	<p>Each December the local ASCE and APWA branches hold a joint luncheon and the proceeds support a local organization. In 2018, the Eddy House, a non-profit organization whose mission is to assist homeless and at-risk youth to develop life and job skills necessary for sustainable independence, was selected. ASCE TMB donated \$500 directly to the cause.</p> <p>Also, on Oct 16, 2019 the YMF chapter organized a volunteer event at the Food Bank of Northern Nevada. 25 volunteers donated time and labor at the distribution warehouse to sort and pack various non-perishable food items.</p>

H. DIVERSITY AND INCLUSION (15 Points Maximum)

ASCE supports and encourages the equitable opportunity for all people to participate within the civil engineering profession without regard to gender or gender identity, race, national origin, ethnicity, religion, age, sexual orientation, disability, political affiliation, or family, marital, or economic status. ASCE's Committee on Diversity and Inclusion reviews this section to select Outstanding Section/Branches for their efforts in developing and implementing programs that promote an inclusive climate in the profession.

Describe Section/Branch Diversity Seminars / Programs (1 point each, 5 points max):	<i>(examples: Diversity webinars, scholarships for underrepresented populations, ASCE Canon 8 Women in Engineering Programs,)</i>
Describe Section/Branch Diversity Committees and Diversity in Section/Branch Leadership Positions (5 points):	The ASCE TMB Board of Directors currently includes three women, including the president. 2 of the last 4 presidents have been women.
Describe participation in local community diversity programs (5 points):	<i>(examples: Local Diversity Marches/Parades, Programs for At-Risk and Underprivileged Youth, LGBTQIA+ awareness programs, Promoting STEM to Girl Scouts)</i>

I. ADDITIONAL SECTION / BRANCH ACTIVITIES (10 Points Maximum)

Describe any other non-standard activities that are not covered under other sections of the

nomination form that your Section or Branch has undertaken to promote or advance the Civil Engineering profession to either your members or the public. Note that Sections applying for the award should not include their Branch activities and vice versa for Branches. These can include other Community Service projects, hosting of Regional meetings, fundraising, mentoring, and other best practices. Describe the activity and give dates, locations and number in attendance. Also describe any activities relative to the creation of a Section / Branch strategic plan and/or efforts to support the Society's Strategic Initiatives (i.e. sustainability efforts). These activities may also be eligible for the Leader Training Committee Best Practices Manual. A maximum of two (2) points will be given for each of up to five (5) non-standard activities.

Type of Activity/Event/Initiative:	Date (if applicable):	Describe:
Participation in ASCE Conferences	WRYMC	Two younger members, and a handful of student chapter members, attended the Western Regional Younger Member Conference in Waikiki, Hawaii. There, they got to network with other professionals, attend seminars about leadership, and tour local attractions.
Annual Awards and Student Recognition Banquet	03/14/2019	<p>Each year the Truckee Meadows Branch of ASCE hosts the Annual Awards and Student Recognition Banquet, which honors local companies and outstanding students in the UNR ASCE Student Chapter for their accomplishments. Five professional awards are handed out (listed in Section B) and student scholarships are also awarded (listed in Section B). Each year, the students host a raffle and keep all proceeds for the student chapter. In addition, the concrete canoe team brings the previous year's canoe to display for the professionals.</p> <p>The UNR College of Engineering and Civil and Environmental Engineering Department both attend the event, and the chair of the department gives and update about the university. The March 2019 banquet had a record attendance of 215 people, which included approximately 50 students.</p>
Marv Byar's Memorial Golf Tournament	7/12/2019	<p>Each year the Truckee Meadows Branch of ASCE hosts the annual Marv Byar's Memorial Golf Tournament. Local companies sponsor and participate in the tournament to raise money for the UNR ASCE Student Chapter. In 2019, \$6,000 was passed through from the tournament. These funds support the student chapter and their competition teams throughout the entire year.</p> <p>Volunteers help check in players and sell raffle tickets throughout the day. At the end of the tournament, awards are handed out and dozens of prizes are raffled off. 2019 was the 18th year hosting the tournament and it is the branch's largest and most anticipated event of the year.</p>

YMF Monthly Socials	Misc. Dates Throughout the Year	The YMF chapter has been working closely with the branch to put on socials that will help attract the younger and the more seasoned members. Average attendance was about 10-15 members each month. They have brainstormed family friendly events and have worked hard to get their advertising out. In addition to networking with local professionals, TMB-YMF organized the first annual YMF Joint Camping trip in June 2019. The event was a success, with five YMF chapters present, adding up to around 50 individuals. In addition to the camping trip, YMF also organized a joint Ski Trip in February 2019, where three YMF chapters attended with a total of 10 attendees.
ASCE Cup Challenge	Misc. Dates	Throughout 2019, a committee has planned the Inaugural ASCE Cup Challenge, where local companies will compete throughout 2020 in trivia, pinball, poker, escape room, mini golf, bike race, soccer golf, and a team challenge course, to determine the ASCE Cup Challenge winner.

We are committed to bringing you quality presentations, community outreach opportunities, learning opportunities (including PDH credits and PE review courses), and social events. We believe that our ASCE group is very unique due to the close connection between our Younger Members Forum (YMF) and our branch. ASCE Truckee Meadows is a proud supporter of the student chapter of ASCE at the University of Nevada, Reno and has helped to develop an environment where engineers graduate into YMF and then continue to remain active with the branch. We are proud supporters of the Concrete Canoe Team, Steel Bridge Team, and other various Civil Engineering competitions. We believe the future of our profession is held within the bright young minds that will one day be in our shoes and that is why it is our goal to foster creative thinking and community involvement.

President's Message

Well the time is here to say goodbye; my tenure as president of ASCE TMB has come to an end. The idea for me is bittersweet as I thoroughly enjoyed the journey as an officer of the Board. However, I am happy to usher in the new officers as they take the stage for the next fiscal year. I want to take the time to thank all of the officers I've worked with including those who are no longer actively serving. We have accomplished a lot in the 5 years that I have been here and I hope to see even more improvements to the organization in my absence.

I also want to thank all of our members for your input and support. Without knowing what our goals are, we cannot efficiently set a path towards achieving those goals. As a body we constantly strive to improve things that are not working as well as they could be in addition to adding new and exciting benefits to our membership. During this past year we had great luncheon presentations, we added a pre-paid lunch option, we moved to a buffet style luncheon, we had record level Awards Banquet and Marv Byars' Memorial turnouts, we supercharged our Banquet features, we recruited new officers for the Board, increased student scholarship payouts, grew the annual budget as well as our cash reserves, we teamed up with YMF for fantastic Tesla tours as well as other great technical tours, we solidified the Annual Office Crawl as a staple for the ASCE TMB region, won the ASCE Small Branch of the Year award, and the list goes on. I hope you all feel as good about the organization as I do; we truly have something special at the ASCE Truckee Meadows Branch.

As I sign off I hope that you will get down to the Annual Rib Cook-Off in Sparks, watch the "Great Man" burn in Black Rock, see the Great Balloon Race and Street Vibrations in Reno, or the Reno Air Races at the Stead Airfield.

Kaci Stansbury will be your president next year and I know she will make us all proud. Garth Oksol will support the Board as president-elect, Brian Moon will be your Treasurer, and Mike Davidson will be the Board secretary. Please support them as you have supported me and your past officers. If you have never stepped up to join the ASCE TMB Board, you don't know what you are missing. Catch you on the other side!

Regards,

Randall Rice, PE, M.ASCE

President, ASCE Truckee Meadows Branch

September Luncheon

Officer Installation and NDOT Project Updates

Cost: \$30 for Members
\$35 for Non-Members
\$5 for Students

When: September 10th
at 12:00 pm

Where: Peppermill Resort
2707 S. Virginia St.
Reno, NV 89502

RSVP Here:
<https://www.ascetruckeemeadows.org/events>

Come to our September luncheon as your new 2019-2020 ASCE TMB officers are installed and to get an update about some of the roadway and transportation projects the Nevada Department of Transportation (NDOT) is currently working on from NDOT Director Kristina Swallow!

Presenter Summary

Kristina Swallow, P.E., ENV SP, F.ASCE ASCE 2018 President

Kristina Swallow is the past president of the American Society of Civil Engineers (ASCE). Kristina is a civil engineering leader with 25 years of professional practice in water resources, transportation, and land development. Among her many past roles, she served as Region 8 director, Region 8 governor, and chair of the Education Activities, the Diversity and Women in Civil Engineering committees, and ASCE's 150th Anniversary Steering Committee.

Kristina was recently appointed as the director of Nevada's Department of Transportation. She has a diverse professional background that includes serving as a program manager in the capital improvements division for the City of Las Vegas, as a transportation policy advisor for a U.S. Senator in Washington, D.C., and working as a land development consultant in the fastest growing city in the United States, including five years as a small business owner.

She is passionate about civil engineering and the benefits of infrastructure for communities, especially transportation systems.

She is married to a civil engineer, Dave, and has two dogs. In her spare time, she enjoys running, aerial acrobatics, exploring new cities, and just trying new things.

Featured Sponsors

PDG has more than 50 years of experience serving the needs of government, commercial, industrial and private sector clients. At the heart of our firm are many individuals who have been community leaders, facility managers, contractors, military advisors, teachers, business owners, and more. We build on the expertise of seasoned professionals and the fresh perspectives of new talent to offer the perfect balance of proven techniques and forward-thinking design. Because we are employee-owned, clients are also assured their projects are being handled by individuals who have a personal interest in completing them on time and within budget.

PDG has grown to become an award-winning, nationally recognized leader in architectural, engineering, and planning services. Our success propagates your success as we merge the knowledge, resources and creativity of our multidisciplinary staff to cultivate innovative, yet practical single source solutions.

Areas of Expertise: Bridge Design & Inspection, Surveying & Topography, Site Design, Roadway & Traffic Signal Design, Bicycle & Pedestrian Facilities, Rail Design, Water & Wastewater Design and Recreational Trails.

Recent Poggemeyer Projects: I-11 - Boulder City Bypass, US 95 - Grand Teton Bridge Design, Southern Nevada Hyperloop Test Track, New Las Vegas Convention Center, Las Vegas - Fort Apache Corridor Improvements, Washoe County RTC Complete Streets Project, NV National Guard Readiness Center, Southern NV Apex Surface Water System, Werdco Trucking Facility, Sandhill Relief Sewer Rehabilitation, LV Cimarron Pedestrian Bridge.

Local Job Posting

Lumos & Associates has been recognized as a 2019 Winner for the *Best Places to Work* by the Northern Nevada Human Resources Association, and our culture encourages flexibility and allows professionals to tackle and succeed in a variety of projects that improve the community we live in. Lumos has also achieved the highly competitive and prestigious recognition of *PSMJ's Circle of Excellence*. Join Our Team!

PROJECT MANAGER

Our team of dynamic problem solvers is looking to add a well-qualified Project Manager to lead our hydrology/hydraulic group. The successful candidate will lead with a team-based focus on providing excellent service to our Clients. If your passion is helping create a better tomorrow through design, Lumos & Associates is where you can grow as a professional and individual.

If you enjoy all aspects of projects; primarily erosion, drainage, flood protection/control, steambank stabilization, detention ponds, 2D hydraulic analysis, we might just have the perfect position for you!

Applicants should have:

- A minimum of 10 years of civil design experience
- Client focus – establishes and maintains effective relationships with Clients
- Excellent organizational, oral, written, and analytical skills
- Ability to manage multiple tasks
- HEC-HMS and HEC-RAS a plus.
- Bachelor of Science in Civil Engineering, or equivalent required.
- Advanced Degree preferred.
- Ability to attain P.E. licensure within 3 months, preferred.
- Clean driving record

For a detailed list of excellent employer-paid benefits, please visit our website at <http://www.lumosinc.com/career-center/>

Salary DOE. Lumos is an Equal Opportunity Employer.

See why we love working at Lumos!
