

## Awards Submission Portal – Region 9

<b>1. Region</b>	9
<b>2. Project Contact</b>	
Name	Kwame A. Agyare
Phone Number	602-481-8663
Email	agyare.kwame@gmail.com
<b>3. Project Category</b>	Region Operations
<b>4. Project Description</b>	A Comprehensive Online Submission Portal for Annual Region 9 Awards, <a href="http://www.asceregion9awards.org">www.asceregion9awards.org</a>
<b>5. The Process</b> (What you did, When and How)	To build upon the successful Region 9 Awards process in which each year over 150 nominations are submitted for Region 9 awards, and to help streamline the awards judging process, the Region 9 Awards Committee developed a comprehensive online electronic submission portal to facilitate the receipt of Region 9 awards. This portal is meant to facilitate and encourage each of the four California Sections of ASCE to submit nominations for each of the available categories of awards, and to provide an easier process to accomplish this task. The online portal was developed based on similar work that was done by the Orange County, California-Branch, and the Los Angeles Section. The web portal allows for instant electronic transfer of awards from all the Los Angeles area Branches into the Los Angeles Section online portal, and subsequently into the Region 9 Awards system. A similar process is envisions for the remaining three Sections.
<b>6. Those in Charge</b> (Committee, Task Committee, Etc.)	The Region 9 Awards Committee
<b>7. Time Frame</b> (When Started, When Completed)	Since June 2014, and on-going
<b>8. Success Factors</b> (The Parts that Worked Really Well)	A written Memorandum of Understanding (MOU) was signed between the Region 9 Director and each Section president, committing each Section to be responsible for the data entry and upload of the awards from each Section into the Region 9 awards portal. This effectively helped clarify the roles and responsibilities.
<b>9. Setback Factors</b> (The Parts that did Not Work Well)	
<b>10. Creativity</b> (This is something off the	

wall that we did)

<b>11. Administration</b> (What was most Important)	Collaboration with the individual Section presidents is key to adequate solicitation of nominations for the Region 9 awards
<b>12. Follow-Up</b> (What was most important?)	
<b>13. Recommendations</b> (What you should ALWAYS do with this project?)	Must have extensive conversations with the web service provider, to ensure that all the necessary desired features are included and the desired timelines are met.
<b>14. Cautions</b> (What you should NEVER do with this project?)	
<b>15. The Outcome</b>	The new awards submission portal will help encourage the Section and Branches in California to seek to recognize their peers and colleagues by facilitating the submission of award nominations at the local level, which may eventually lead to winning a Regional award.
<b>16. Ongoing Activity</b> (Would you do it again?)	I would encourage the other Regions to seek to develop tools to facilitate awards submissions in those Regions, to effectively recognize the great work being done by civil engineers.
<b>17. Speaker Contact information</b> (person from your Region who would be willing to speak about the Best Practice)	
Name	Kwame Agyare
Address	Fremont, California
Phone Number	602-481-8663
Email	agyare.kwame@gmail.com
<b>18. Additional Comments</b>	This Best Practice includes attachments on the following pages.
